IDS – Further explanation

Dear Sir

Regarding the IDS which I just set by fax about an hour ago, I would like to explain again that only the fist attached IDS form with the Lif reference is new. All the other IDS forms were just a copy of the IDS forms that were submitted already for application 10/328,088, which you are obviously already aware of, and I have resubmitted them again now for application 10/621,509 just for formality. You have all the explanations and documents that were attached with them in the file of 10/328,088, so they should be viewed together with these explanations and documents. Again, if you want me to submit again also these explanations and documents please let me know, but I did not want to overburden you with papers since you already have all of this on the file of 10/328,088.

Respectfully,

Yaron Mayer
